

Quality Policy

Auto Temp Inc. is committed to strive to excellence in the glass industry, with particular emphasis on automotive aftermarket tempered glass, and specialty glass markets. Our efforts to achieve this goal focus on maximizing product value by working to ensure that:

- ✓ *Our customers' expectations and satisfaction are our number one priority*
- ✓ *Our product is responsibly and competitively priced*
- ✓ *We are committed to continuous improvement*

Environmental and OHS Policy

Auto Temp, Inc. is committed to the continual improvement of environmental performance and of occupational health and safety performance. Auto Temp, Inc. will establish objectives and targets and review these at set intervals to insure both the environmental management system and the occupational health and safety management system are effective. Auto Temp, Inc. is committed to both the prevention of pollution and the prevention of injury and ill health, and is committed to compliance with relevant environmental legislation and regulations, relevant health and safety legislation and regulations, and any other requirements to which Auto Temp, Inc. subscribes.
